

How to Play

You begin the game with four health. If you run out of health, your expedition will come to an end.

Ropes let you reach high ledges and descend safely into pits. Press  to throw one.

Bombs can be used to blow up the walls. Press  to throw one... but be careful!

Your whip is your best defense against the monsters that inhabit the caves. Press  to attack with it.

How to Play

Wooden crates are littered around the caves. Whip them open to find supplies to aid you on your adventure.

Ropes and bombs are the most common items found in crates, but if you're lucky you may find better things!

Treasure chests are filled with valuable gems! Most of them have weak locks that can be whipped open.

Your score is determined by how much loot you've collected. Amass a large fortune of gold and gems!

How to Play

This is a shopkeeper. You can buy all sorts of items from his shop, but be careful not to upset him.

Items for sale have a dollar sign over them. Some shops sell weapons, like this shotgun.

You can use your loot to purchase items in the shops. Be sure to spend it wisely!

Shops may also supply a variety of other useful tools. This compass, for example, points you toward the exit.

How to Play

At the bottom of each level is an exit to deeper parts of the caves. That's your goal!

Lovely damsels have gotten trapped down here. If you bring them safely to the exits they'll reward you with health.

You can also bring these golden idols to the exits for big money rewards. They're usually guarded by deadly traps.

That covers the basics, but there's so much more to discover once you start playing! Have fun!
